

### **COTS REIMBURSEMENT TRAVEL GRANT AWARD FOR ATC**

The Community of Transplant Scientists (COTS) offered 5 travel grant awards for \$500. These awards are selected off the ATC ranked abstract basic science list. To be eligible, the first author or the last author of the abstract must be a member of COTS. This award is also limited to those that are early in their career and will be selected by the EC based on that criteria.
